

Support Fairtrade

Before you finish eating breakfast in the morning, you've depended on more than half the world.

– Martin Luther King

What is Fairtrade?

Providing workers in developing countries with a fair wage on which they can feed, educate and medically provide for themselves and their children.

How?

Fairtrade cuts out the middleman
meaning more profit goes to the
farmer

What does it mean to me?

Supporting Fairtrade means that you can make a **real** difference to the world.

The products taste great.

They cost the same as leading brands.

What products are Fairtrade?

You can buy many products

Fairtrade:
